WEEKLY REPUBLICAN—1887.  
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., FRIDAY, OCTOBER 19, 1906

ONE COPY—ONE CENT.

THE ONE WHO SUCCEEDED.  
He laid his true heart at her feet;  
His rival better planned.  
Who laid, with shrewdness hard to beat,  
His cheek book in her hand.

—Philadelphia Press.

Free carnation at the Maysville Candy Kitchen Saturday.

Mrs. Mart Crowell of Lee street was taken violently ill this morning.

W. R. Newell shipped fifty head of butchers cattle to the Cincinnati market on the Greenwood yesterday.

Mr. Will H. Durrett has sold and conveyed his one-fourth interest in the Brent farm near Washington and the Mastin farm near Kennard Postoffice to Messrs. J. B. and Paul Durrett for \$4,000 cash. It is rumored that Mr. W. H. Durrett will superintend a fine horse-breeding farm near Lexington.

WILLIAM F. SPROEMBERG.

Another of Maysville's venerable and highly respected citizens, in the person of William F. Sproemberg, passed away yesterday at his home in Commerce street, after being no invalid for over four years, his fatal illness covering a period of over six weeks.

The deceased was born at Schoenflies, Prussia, Germany, December 22d, 1823. He emigrated to this country over forty years ago and settled in Ripley, O., where he married, and in 1866 removed to this city where his useful and well-spent life has since been passed. He was a well-informed and much-traveled man, having spent years in Australia, South America and other foreign countries.

He was honest, industrious and well thought of by his neighbors and fellow-citizens.

A wife, three daughters and two sons survive him—Louise, Minnie and Mrs. J. B. Orr of this city, William F. and Henry Sproemberg of Cincinnati.

In the relations of life he performed his part faithfully and well—as a husband, faithful to his vow, as a father, considerate, just and kind, and as a citizen, upright and of the strictest integrity.

The funeral will be under the auspices of Ringgold Lodge No. 27, I. O. O. F., of which he was an honored member, and will take place tomorrow afternoon at 2 o'clock from the residence in Commerce street, with services by Dr. John Barbour of the First Presbyterian Church. Interment in Maysville Cemetery.

## THE BOND VOTE

Important Matter To Be Acted Upon Next Month

Vote for the new schoolhouse bonds, and at the same time vote for School Trustees who have some knowledge of school teaching as well as school buildings.

Some voters persist in voting for public officials generally to administer matters of supreme importance and to handle thousands of dollars who would not for one moment entrust such men with a private transaction affecting them personally, even though it might involve only a few dollars.

And yet, the welfare of sixteen hundred school children in Maysville and the annual expenditure of \$15,000 to \$18,000 on the public schools, is left to an interested few who alone of the entire Board are capable of discharging the onerous functions pertaining to the office of Trustees.

When the public gets thoroughly aroused to the importance of studying every question affecting the Public School system, then will we all be proud of our buildings and schools.

Vote for good houses and good Trustees.

## LOST HER KIDS!

Then Forgot Where She Dropped Them—Happy at Last!

Mrs. Mary Hughes bowed in from Lexington yesterday morning, totting her two children, the whole push being on the way to Concord.

Bewildered by the activity of workmen on the brick streets, and by other strange sights incident to a real city, the pilgrim from Lexington left her kids in charge of Mr. Joseph R. Carpenter at Second and Limestone while she set out on an exploring expedition.

Meantime, old Tempus kept right along fugi-tiv', and Jo. began to recall the stories he had heard of people unloading children on unwilling benedicts, so he, with the tots in following, started in search of the mother.

He finally bumped up against Officer William A. Tolle, to whom he told his tale of woe.

Sleuth Tolle at once took up the trail, and it was not long until he found the good lady from the rural precincts, who expressed no little surprise that any one should know that she was the cause of anxiety in a strange land.

When the officer told her that she certainly was, and that the custodian of her children was dead willing to be relieved of his charge, she at once put on her glad clothes, saying that she had forgotten where she left them.

The reunited family left on the 6:30 train for Concord, Jo. went across the way to see a man, Officer Tolle bought a head of cabbage—And all hands were happy!

At the end of the year the resolution will take the form of a constitutional amendment to be voted on by the next Grand Lodge.

In straightening the line of Second street for the brick paving the width of the sidewalk on the South side of the street will be considerably narrowed, especially at Chenoweth's corner. Yesterday Mr. Andrew M. January, representing his mother, notified the Paving Committee that any encroachment on the premises would be done under his vigorous protest.

At Pittsburgh Wednesday the Carnegie Hero Fund Commission awarded a medal to Rufus K. Combs, a blacksmith of Midway, who was given a silver medal for bravery and \$1,500 in cash. The act which brought Combs to the attention of the Hero Fund is considered by the Directors one of the most unique cases in the history of the Fund. Combs, at the risk of his own life, saved that of Richard Gholson, his most hated enemy and worst political opponent, who, on April 2d, 1906, was overcome in a vault while inspecting a gas-making apparatus.

With a just taxing system in Kentucky—fashioned after the Pennsylvania law—there'll be no more need for State Development Conventions; the old state will break out all over with the development itch.

EDWARD J. DEMPSEY is the Democratic "Reform" Mayor of Cincinnati. His own salary is \$6,000 a year. Being a Reform Mayor, he is of course opposed to nepotism; and yet he has appointed to office under him three brothers, five brothers-in-law, the father of one brother-in-law, three cousins and an uncle, and in the aggregate the Mayor's family pull down salaries of \$19,430 a year. It suddenly pays to be a Reformer!

A loss of speculation and of large speculators has brought business on the Chicago Board of Trade to a point where it is evident that something must be done at once or some of the large houses will have to go out of business unless they get sources of revenue other than from grain speculation. In other words, the crop of suckers has been so thoroughly harvested that these Gentlemen Gamblers and Legal Thieves will now be forced to seek an honest living. The proper place for them is on the chaingang at Joliet.

HON. LAWSON of New York, in an address at Louisville on "Home Rule to Solve Taxation," had this to say of Kentucky's unjust tax laws—

"When state revenue is raised by a tax on all property an unfair share of the burden is inevitably placed upon rural counties, because rural counties always have a larger proportion of tangible personal property than have city counties. Intangible personal property is always more easily assessed in rural counties than in city counties. The Kentucky assessment rolls furnish abundant illustrations of the excessive burden imposed on rural counties. The four city counties of Kentucky contain more than one-third of the assessed value of real estate, but less than one-fourth of the assessed value of intangible property. The proportion of the assessed value of personal property to real estate varies almost exactly in inverse ratio with the wealth of the county. Menifee county has only a little over \$8,000 worth of town lots, and personal property amounts to 32% of the total assessment. In Menifee county intangible personal property is over 10% of the total assessment, while in four city counties it is less than 7%. The value per acre in Leslie county is only \$2.62, the lowest in the state, and personal property amounts to 29% of the total assessment. Intangible personal property amounts to 14% of the total assessment. These two counties were not selected to prove the point, but were chosen because one has the smallest value of town lots, and in the other the average value per acre was the lowest in the state. Illustrations of this character could be indefinitely extended.

"This condition is by no means peculiar to Kentucky, but obtains in every state which has the same system of taxation. In Ohio and Missouri, it is the poor rural counties without railroad communication which pay the largest proportionate share of personal taxes.

"Some day the farmers and people who live in rural districts will wake up to the fact that this method of raising state revenue is putting an undue burden upon them. At the same time people in the cities should be at once aroused to the fact that the system is exceedingly bad for them. So both sections of the state require a divorce between state and local revenue."

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration cause fearful bearing-down pains which are aggravated by much standing on the feet, and lifting necessary in house work.

But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When troubled with painful irregularities, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed.

My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better. Inducing appetite and restful sleep and imparting new life and vigor to my entire system.

I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

MUCH SMOKE

But Very Little Fire at the People's Grocery This Morning

The alarm of fire at 2:30 this morning was caused by a blaze in the People's Grocery, John Walker, proprietor, in Sutton street.

The smoke issuing from the cellar bars was discovered by Mr. Marshall Couper, an employee of the Adams Express Company, who notified the Police of the fact by phone.

Firemen were soon on the grounds and the fire extinguished in a short time. The blaze started under the cellar door near the counter and its origin is a mystery. The damage was very slight, not exceeding \$50.

The building adjoins that of Ryder's Paint store, and had the fire not been discovered in its incipency it might have proved disastrous.

The check was at once turned over to the receiver of the Bank to be included among the assets, and ultimately distributed among the depositors. It is said that steel needles were invented by the Spanish Moors. Before their introduction thorns and fishbone, the latter with a hole pierced for an eye, were in use. The first needles used in London were made by a Moor in the reign of Henry VIII, and in Queen Mary's day steel needles were sold in Chesapeake, says Hume Chat. After this time the manufacture increased rapidly, many Germans coming to England and establishing needle works in various places.

WILD WITH ITCHING HUMOR

Eruption Broke Out in Spots All Over Body—Caused a Continual Itching for Two Years—Doctor's Medicine Did no Good—Cured at Expense of only \$1.25 and Now

THANKS CUTICURA FOR COMPLETE CURE

"Some time ago I wrote you for a book on the Cuticura Remedies and received it O. K. and went and bought the Soap, Ointment, and Pills. They did me more good than any medicine I ever used. They cured me of my skin disease, and I am very thankful to you. My trouble was eruption of the skin, which broke out in spots all over my body, and caused a continual itching which nearly drove me wild at times. I got medicine of a doctor, but it did not cure me, and when I saw in a paper your ad., I sent to you for the Cuticura book and I studied my case in it. I then went to the drug store and bought one cake of Cuticura Soap, one box of Cuticura Ointment, and one vial of Cuticura Pills. From the first application I received relief. I used the first set and two extra cakes of Cuticura Soap, and was completely cured. I had suffered for two years, and I again thank Cuticura for my cure. If you wish, you may publish this. Your friend forever, Claude N. Johnson, Maple Grove Farm, R. F. D. 2, Walnut, Kan., June 15, 1905."

ITCH! ITCH! ITCH!

SCRATCH! SCRATCH! SCRATCH! This is the condition of thousands of skin-tormented men, women, and children, who may be instantly relieved and speedily cured by warm baths with Cuticura Soap and gentle applications of Cuticura Ointment, the great Skin Cure, and mild doses of Cuticura Resolvent Pills, when physicians and all else fail.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor.

On the Isle of Portland, in the South of England, there are certain quarries of limestone which have been worked for many years, in former times producing building stone. In 1824 an Englishman named Joseph Aspdin of Leeds, patented a process for mixing and burning lime and clay. The product took so much like the Portland limestone that he called it "Portland cement," from which the commonly known name given to nearly all kinds of hydraulic cement was derived.

The gage marks 10.1 and falling. Heavy fogs have been detaining the packets lately. The Avalon will be down tomorrow from Pittsburgh. The Keystone State will pass up tonight for Pittsburgh. The Ohio packets above and below are doing a thriving business. Snow melting in the mountains will be sure to bring the Ohio to a proper business stage. Snite for damage and perhaps criminal action will follow the wrecking of the Raymond Horner near Parkersburg, when Pilot Howard Crawford lost his life. The cable was owned by the Baker Contracting Company, which is doing Government work at Dam No. 18. The Keystone State last May struck a cable with nearly fatal results, and the towboat Ed. Roberts was damaged in August, 1905, in a similar way. The condition which resulted in the accident will be carefully looked into with a lawsuit in view.

A 72-mile-an-hour breeze has been carressing  
the coast of Florida. It stepped over from  
Havana, where it broke up things generally  
and broke down the telegraph wires in particular.

### WORK THAT TELLS.

Plenty of It Has Been Done Right  
Here in Maysville

Cures that last are cures that tell. To  
thoroughly know the virtues of a medicine you  
must investigate the cures and see if they  
prove permanent. Doan's Kidney Pills stand  
this test and plenty of proof exists right here  
in Maysville. People who testified years ago  
to relief from backache, kidney and urinary  
disorders, now declare that the relief was per-  
manent and the cure perfect. How can any  
Maysville sufferer longer doubt the evidence?

C. L. Hubbard, employed in Cahill's grocery,  
Cox Building, and living at 325 West Third  
street, Maysville, Ky., says:

"As stated in a testimonial given in 1900  
Doan's Kidney Pills brought me positive relief  
from inflammation of the bladder and a dis-  
turbed action of the kidneys. After some time  
I felt a slight return of the trouble but again  
used Doan's Kidney Pills and again found com-  
plete relief. Now, after nearly five years, I  
feel able to recommend Doan's Kidney Pills  
with even greater confidence than before. The  
results of its use in my case have been very  
satisfactory. I got the remedy at J. James  
Wood & Son's Drugstore."
